Trust builds on
Mastery and Intimacy

M

Maskan Builders has over a decade of successful, in-depth and trusted services in the Building and Construction Industry. Starting out in the Malabar region of Kerala and expanding to nearest districts we have learnt to excel in what we do. We understand that each project is different and new whether it is for individual or for business needs. Each project demands attention in detail whether it is Office complex, luxury homes, manufacturing, logistics, warehousing, campuses, hospitals or hotels. We are capable of delivering turnkey projects on demand by the customers.

About Us

Experience

With the trusted service of 12 years, we have gained some experience which we utilise well for the projects we handle. Our strive for excellence makes us learn continuously keeping ourselves updated. The factors which makes us stand out are :

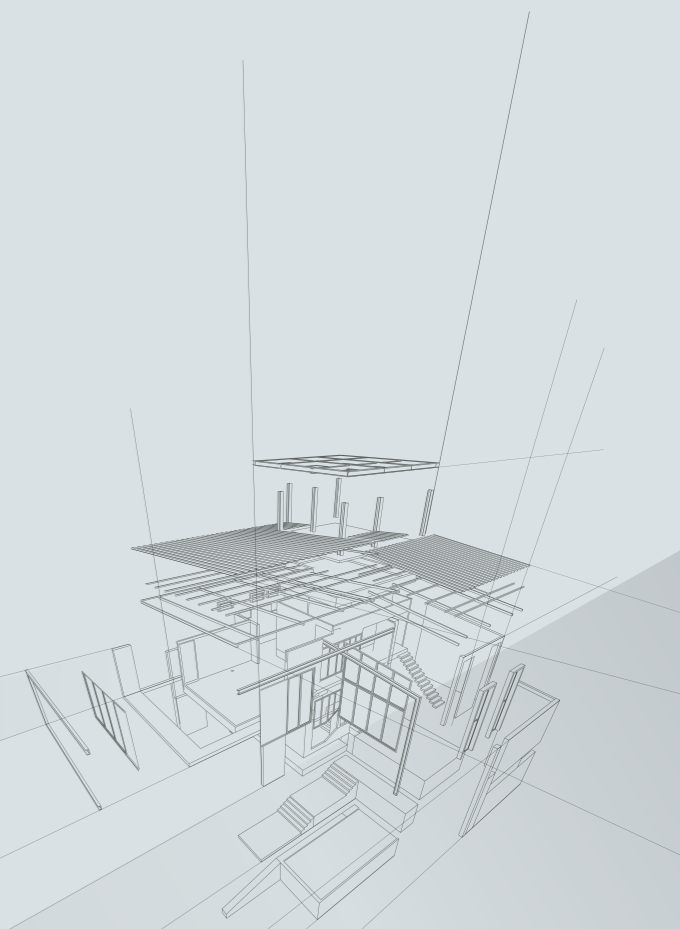

- 12 years of services
- Successful completion of around 500 projects
- Designed around 5000 residential projects

Integrity

As leading Builders, everything we build is based on trust, honesty and transparency. And we are unrelenting when it comes to integrity in our interactions. We are steadfast even in challenges.

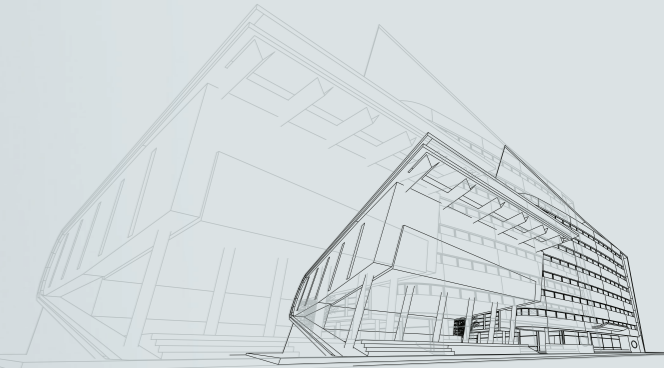

Time

We believe on-time completion of projects with higher standards of performance is of prime importance. With timely hand overs we protect our hard earned reputation. Once we give a promise on completion of projects, we leave no stone unturned in order to honour it.

Commitment

Maskan Builders are aware that a building is built of your dreams, aspirations and desire more than the materials we use. So that we give detailed attention to our customers to recreate every single thought you had, the tiny little dreams you have. We always put efforts to continually perform above customer expectations and build partnerships on trust and commitment.

L Projects we undertake

1. Residential Spaces

Maskan Builders are experts in making one's abode to be a perfect place with a positive vibe. We build your living space which is perfect for a peaceful co-existence. We build residential spaces which are in line with the Universal laws. Also catering safety and comfort to the occupants and changing the way of their life.

2. Commercial Spaces

Being no newbies in this industry having over a decade of trusted services we understand your perspectives. We understand the needs of businessmen so we create commercial complexes, office complexes, business houses, trade towers, industrial buildings, multiplexes and malls. Only a perfect builder can make a perfect work space which stimulates your productivity and enhances your performance.

3. Special Projects

a. Prefab Buildings

And we are masters in prefabricated building, informally called Prefabs which are manufactured and constructed using prefabrication. It consists of factory-made components or units that are transported and assembled on-site to form the complete building.

b. Hospital Buildings

The healthcare business and landscape is ever-changing and has its own set of challenges and demands. We understand these very basic needs of our healthcare clients. Being one of the experienced construction companies in Kerala, we help you to achieve your goals more efficiently and effectively.

c. Restaurants And Hotels

As the leading and highly experienced construction company, Maskan understands the construction business like no one else! We have handled numerous projects and our extensive knowledge and understanding of the industry aids us in building beautiful as well as state-of-the-art hotels for our clients.

d. Customised Car Porches

We build exclusively designed car porches to add elegance to your home. We help you turn your car porch into an outdoor entertaining area or a place for outdoor dining as per your requirement. Get the Car Porch synchronized with the aesthetic side of your home.

4. Corporate Social Responsibility

Right from its inception Maskan Builders has been keen on CSR activities providing support to clients who can't afford the project, through installment schemes. We also tie up with landowners to build residential and commercial properties. Being Socially responsible, we recommend environment friendly projects to our customers. In no way hazardous materials are used for constructions.
